

Subject Selections for Year 8, 2022

Dear Families,

Subjects need to be selected online using the student's OneSchool account **before 8 October, 2021**.

Compulsory Subjects

English	Maths	Science	History / Geography	Health & Physical Education (including Rugby League Academy)
Digital Technologies (1 semester)			Languages (German, Italian, Japanese)	

Subject Options

Electives Two (2) selections required; ONE from each column	Arts Elective	Technologies Elective
	Dance Drama Music	Design and Technology Food and Fibre production

Steps to choose subjects for 2022

- 1) Log into the school website: <https://alexandrahillsshs.eq.edu.au/>
- 2) Scroll to the bottom of the website page, click onto OneSchool, located under "Quick Links"
- 3) Your student will need to use their log in and password details.
- 4) Once logged in, your student will need to choose the "Subject Selection" tab. Once in the TAB, click on Edit. (If edit does not appear, click here to select the selection model.)
- 5) Year 8 2022 Subject Selection Choice is shown. Students must choose one subject for each line.
- 6) Once you have chosen an elective from each box, it is most important that you hit SAVE at the bottom of the screen.

Arts options

Dance

In Dance, students focus on creating dance and developing the ability to communicate and express themselves through movement. Students will also learn to analyse and respond to various dances, giving their interpretation of what is being communicated. Students choreograph dances by manipulating and combining the elements of dance, choreographic devices and production elements to communicate their choreographic intent. They choreograph, rehearse and perform dances, demonstrating technical and expressive skills appropriate to the genre and style. They will learn and perform dances within groups and/or individually.

Drama

Drama helps students communicate understanding about human issues and experience by enacting real and imagined events. They develop confidence and awareness of self and others as they collaborate to prepare and present drama. They learn about a range of forms, styles and purposes of drama.

Music

Music focuses on students making music and developing the ability to think and express themselves in sound. Music is an integral part of everyday life serving self-expressive, celebratory, social, cultural, political and educational roles.

Technologies options

Design and Technology

Students explore and develop design and engineering skills involving mechanics, electronics and CAD in the design and manufacture of products. In this subject, students benefit from cutting-edge resources and unique learning opportunities made possible through our [Centre of Excellence in Automation and Robotics](#).

Food and Fibre Production (Home Economics)

Students achieve a broad understanding of food selection, preparation and presentation for use in the home and the hospitality industry. They will focus on the planning and preparation of tasty, healthy, budget foods which can form part of the everyday diet of students' families. Students also explore the area of textiles, garment and fabric care, fashion trends and sewing to develop skills from basic to more advanced.
